## ANNUAL CHARITY EFFORT OF ELKS WILL BE HELD LATER

Believed November is Too Early to Hold Bazaar or Other Entertainment and it is Probable Annual Event Will Take Place in January—Nature of Entertainment Undecided.

The question of holding the annual charity entertainment in connection with the Calumet lodge of Elks was brought up in the lodge meeting last evening, and while no formal action was taken the matter was talked over and some suggestions made. The entertainment committee has not taken any action as yet, preferring to wait for expressions of opinion from the members. For the last two years the annual charity event has been in the nature of a bazaar or fair, held during the month of November, about the latter part. This has brought the date in close proximity to the holidays, when merchants and others are extremely busy, receiving and arranging their holiday stocks. The entertainment committee reached the conclusion last year that November was not the best time to hold a charity event. After the holiday season was considered the best time, during the months of either January or February, so it is probable that the next annual charity effort of the local lodge will be held during the month of January. That is the intention now, according to a member of the entertainment committee. While the nature of the event has not been decided on as yet it is probable that it will take the form of a charity bazaar or a local minstrel show.

There is some talk of giving a theatrical entertainment to take the place of a bazaar but in the event this is decided on an effort will be made to have it under the direction of some local theatrical expert, conversant with such matters and qualified to conduct it. The disadvantage that has been experienced in this form of entertainment in the past is that some outsider has been employed to train the members and too much of the receipts have thus gone outside of town.

## WILL GO TO HUBBELL.

Calumet council, Knights of Columbus will go to Hubbell Sunday morning in a body for the purpose of attending the dedication exercises of St. Cecilia's church, which has undergone a thorough renovation. The rededication exercises will be in charge of Rt. Rev. Bishop Els of Marquette, who is already in the copper country. High mass will be sung, and Bishop Els is to be assisted in the exercises by several of the copper country priests. The sculptor work in connection with the renovation of the church was done by Frank Buteski, while the decorating portion was in the hands of Contractor Withersell.

## GRAND THEATER PROGRAM.

The program of the Grand theater of Calumet for Thursday and Friday is an entirely new one and it includes the following films: "Grandfather," "Patience of Miss Job" and "The Dash to Death." The songs are "Won't You Be My Girl," and "In the Spotlight," a stela song by Bullard which is sung by request by Joe Marshall.

## NATURALIZATION CLUB TO ARRANGE ENTERTAINMENT

French Societies of Houghton County Will Participate in a Big Reunion in Calumet on November 7th—Program Will be Prepared—Membership is increasing.

At the regular monthly meeting of the Calumet French Naturalization club this evening plans will be made for the entertainment of the various branches of this organization in Houghton county on November 7. Although the decision was reached some time ago to entertain the other Houghton county clubs no definite program was arranged. From the invitations that have been extended and the number of acceptances which have been received it is evident that the attendance will be large.

The matter of arranging the program has been left in the hands of a committee, which is busy preparing for the entertainment of Calumet's guests. Some of the best speakers in Houghton county have been invited to appear on the program and many of them have accepted. The principal object of the reunion is to arouse enthusiasm among the members in different parts of the county and from a social standpoint the meeting will also be a success as it is planned to provide good music and to serve lunch.

Good progress is being made with the census of the French residents of the copper country and it is expected that in a few weeks time accurate records will be established. These will enable the members to be more systematic in their campaign to interest French residents in the privileges of citizenship.

## Another Meeting Tonight.

The Canadian-American society will hold a special meeting in Calumet this evening so that the members may meet President A. A. E. Brien and Organizer Franconer, who are guests of the copper country lodges. Last evening the visitors went to Lake Linden, where they were very cordially entertained, and this evening will be spent with the members of the Calumet lodge. An elaborate program had been planned for their entertainment while in this city, to have been given on Saturday evening, but owing to the fact that it is necessary for them to hasten away to other cities the local members must content themselves with an informal reception this evening.

## NIGHT SCHOOL GROWING.

The night school classes which are being conducted at the Y. M. C. A. of Calumet have been growing steadily since their organization last week, and the attendance is very gratifying. It is expected that the enrollment will increase to even larger numbers during the next few weeks. A new arrangement of lights has been secured for the students in the mechanical drawing classes by which each student acquires an individual light at his table. The system is working very satisfactorily and is a big improvement over the old lighting scheme. The mechanical drawing class is now the largest in the school, but it is expected that several of the other classes will have a larger membership before the season progresses much further.

## MEETING OF PRISON BOARDS.

Messrs. Carley and Anthony to Attend Important Gathering at Lansing. Ira Carley, of Menominee county, and E. C. Anthony of Negaunee, of the Marquette prison board, leave for Lansing today to attend a joint meeting of the prison boards of the state, at which Governor Warner will appoint a board of prison industries as provided for in Act 140 passed by the legislature at the last session, says yesterday's issue of the Mining Journal.

This act provides that the governor shall select one member from the Jackson prison board, one from the Marquette prison board and one from the Ionia prison board, the three to constitute a board to be known as the board of prison industries of Michigan. The duties of this board are to investigate the prison system of other states, with a view to establishing in Michigan a system of prison industries best calculated to promote the interests of the state and the welfare of the prisoners. Furthermore, this board is to make an investigation as to the amount of goods that are used in the several state institutions and in the offices of the various political divisions of the state that could be profitably manufactured in any of the prisons, with a view of manufacturing in the prisons such goods as may be used in these several institutions or political divisions.

## ARTHUR HOCKING IS CAPTAIN OF Y. M. C. A. INDOOR TEAM

Meeting Held Last Evening When Arrangements Were Made for Season—First Game Will be Played Next Wednesday Evening—Contests Will be Arranged With Hancock Teams.

At a meeting of the Calumet Y. M. C. A. indoor baseball team last evening, Arthur Hocking was the unanimous choice for captain of the team. A manager has yet to be chosen. A suitable man is in sight and it is likely that he will accept. Following the meeting the team got out for practice, and had an excellent work-out. Arrangements have been made for the first matched game of the season. It will take place Wednesday evening of next week when a team captained by Joe Leen will try conclusions with the Y. M. C. A. N. E. Kaiser will do the patching for the association team this year.

The probabilities are that games will be arranged with the Portage Lake team this year. The matter was taken up yesterday with the schedule committee of the Hancock indoor baseball league and a promise secured that the schedule would be so arranged to make it possible to play games with the Y. M. C. A. team. Last year this was impossible, owing to the arrangements of the schedule in the Portage Lake district.

Physical Director Sherwood of the Y. M. C. A. informs The News that one very gratifying feature in connection with the athletic work of the association is the large attendance of members at the businessmen's classes. This class is growing right along, and it is believed it will be the banner one of them all. The graded class, too, is a very large one, in fact one of the largest since the association was organized.
